In addition, research from Central Michigan University shows a link between cell phone usage in class and poor academic performance (i.e. low grades) in high school and college students. Help boost your grades by keeping your phone out of sight!

Let's all RISE this semester by being

- **Responsible** about when we use our phones
- **Inclusive** with our peers on social media (i.e. keeping posts positive, not bullying or taking pictures of people without their consent)
- **Safely** using phones (don't cross the street while looking at your phone!)

And being

- **Engaged** in class by putting phones away.
