

AP Studio 2D Art and Design (formerly AP Studio Art)

Year: 11 - 12 RCHS Graduation Requirement: VAPA UC/CSU - F

Advanced Placement 2D Art and Design is an introductory college-level course intended for serious art students, and those who intend to pursue a career in any art or design profession. Students will produce a portfolio of 15 to 20 high quality works of art, based on their own personal experiences, artistic preferences, and creative ideas. This class is designed for advanced students in grades 11 and 12, who have successfully completed 2D Design and Media Arts; but, is open to all students who demonstrate a strong dedication to art and design. Interested students can consult any art teacher with questions. Make no mistake - this is a challenging class, but it may also be the most enjoyable and rewarding course of your high school experience.
